

REMARKS/ARGUMENTS

The Applicant thanks the Examiner for the Detailed Office Action of February 1, 2005.

Double Patenting

In the Office Action the Examiner rejects claims 1 -5 in the present application on the basis of non-statutory double patenting in view of USPN 6,652,078, when combined with USPN 6,281,912.

The Applicant contests the assertions of the Examiner that the above claims are unpatentable over respective claims in the cited patents. However, in the interest of expeditious prosecution of the application, the Applicant files a Terminal Disclaimer with respect to USPN 6,652,078.

Allowable Subject Matter

The Applicant thanks the Examiner for the helpful comments in this section.

In view of the filed Terminal Disclaimer, it is respectfully submitted that the Examiner's objection has been successfully traversed. Reconsideration and allowance of the application is courteously solicited.

Very respectfully,

Applicant:
